OUR PHILOSOPHY

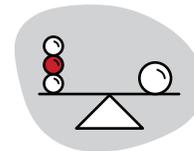

Guardians of Love, Inc. is a non-profit, private corporation formed in 1997. The purpose of the program is to provide community-based services to children and families that preserve that family, prepare foster youth for a successful emancipation, provide therapeutic foster care and strengthen the community. We wholeheartedly believe children have the right to live in a stable, healthy, nurturing environment that provides an opportunity to thrive socially, physically and emotionally. Our core philosophy is to positively impact the long-term quality of life of every child and family; while in the foster care setting and beyond.
